

Karlsruher Flussgebietstage 2013

International Conference on
Solids in River Basins
Sources and Transport of Solids
and Contaminants

June 20th and 21st, 2013

INSTITUTE FOR WATER AND RIVER BASIN MANAGEMENT
DEPARTMENT OF AQUATIC ENVIRONMENTAL ENGINEERING

In cooperation with

Editors

Dr.-Ing. Stephan Fuchs, Dipl.-Ing. Rebecca Eyckmanns-Wolters

Karlsruhe Institute of Technology (KIT)

Institute for Water and River Basin Management

Department of Aquatic Environmental Engineering

Gotthard-Franz-Str. 3, Bldg. 50.31

76131 Karlsruhe, Germany

KIT - University of the State Baden-Württemberg and

National Research Center of the Helmholtz Association

Karlsruhe. June 2013

Table of Contents

Sources and Transport Processes

Understanding the fine sediment budgets of river basins <i>Des Walling</i>	4
Soil and Contaminants <i>Frank Glante, Jens Utermann</i>	10
Alpine areas as sources of nutrient emissions into rivers <i>Matthias Zessner, Oliver Gabriel, Adam Kovacs, Christian Schilling, Gerald Hochedlinger, Georg Windhofer</i>	13
Transfer of sediments in catchment ecosystems on various scales <i>Ulrike Scherer</i>	21
Receiving water impacts from waste water systems <i>Peter Krebs, Nora Schindler and Jens Tränckner</i>	27
The Water Framework Directive Explorer: an interactive tool for the selection of measures <i>Erwin Meijers, Joost van den Roovaart</i>	33

Monitoring Techniques

Monitoring of rivers and catchments using remote sensing techniques <i>Stefan Hinz</i>	39
Monitoring of suspended loads in waterways <i>Gudrun Hillebrand</i>	40
Acoustic turbidity as online monitoring tool for rivers and sewer networks <i>Anne Pallarès, Philippe Schmitt, Stéphane Fischer</i>	46

Management Strategies

Sediment management in river basins – case Elbe <i>Peter Heininger</i>	57
Sediment management concept of the Port of Hamburg <i>Axel Netzband</i>	62
Suspended solid management in urban systems <i>Stephan Fuchs, Snezhina Dimitrova, Lisa Kiemle, Steffen Kittlaus & Tatyana Weber</i>	65

Poster

Effects of hydraulic sorting on geochemical baseline concentrations in moderately polluted fluvial archives: River Morava, Czech Republic <i>Ondřej Bábek, Tomáš Matys Grygar, Martin Faměra, Tereza Nováková and Jan Sedláček</i>	74
Carbon isotope composition of particulate organic carbon (POC) in rivers <i>Barth, J.A.C., van Geldern, R., Hanke, C.</i>	76
Quality characteristics of urban stormwater runoff at the outlet of a separate sewer network <i>R. Eyckmanns-Wolters, S. Fuchs</i>	78
Lithofacies, magnetic susceptibility and heavy-metal contents in regulated river-channel sediments of the River Morava, Danube catchment, Czech Republic <i>Martin Famera, Ondrej Babek, Tomas Matys Grygar, Tereza Novakova</i>	82
Modeling of fine solids at the river basin scale - Preliminary results for the Weser river basin <i>S. Fuchs, L. Kiemle, S. Kittlaus</i>	83
Quantification and characterization of sediment exports from small to medium catchments within the Loire river basin (France) <i>A. Gay, O. Cerdan, M. Delmas and M. Desmet</i>	86
Uncertainty and sensitivity analyses of empirical approaches to estimate sediment delivery ratios of European river catchments <i>Andreas Gericke</i>	88
Analysis of suspended sediment load calculations and transport processes in Austrian catchments <i>Marlene Haimann, Petra Lalk, Helmut Habersack</i>	89
Characterization of particles in urban stormwater runoff <i>S. Kittlaus, R. Eyckmanns-Wolters, S. Fuchs</i>	91
Methods for Analysis of Redevelopments in Estuaries <i>Florian Ladage, Oliver Stoschek, Monika Donner & Christian Pohl</i>	93
KLEE – Adaption to climate change in the Este catchment <i>Josef Oberhofer, Edgar Nehlsen, Peter Fröhle</i>	95
The presence of the lanthanum anomaly in the Dutch distributaries of the Rhine <i>Gerlinde Roskam, Marc Verheul, Gerard Klaver and Ingrid Bakker</i>	102
Sedimentation upstream the Iffezheim barrage on the river Rhine, Germany <i>Christina Seegers, Thomas Brudy-Zippelius, Andrea Wahrheit-Lensing</i>	103
The influence of fine sediment input on the interstitial space <i>Lydia Seitz, Silke Wieprecht</i>	105
