A Correction on Considering weights in real social networks: a review

by Bellingeri M, Bevacqua D, Sartori F, Turchetto M, Scotognella F, Alfieri R, Nguyen NKK, Le TT, Nguyen Q and Cassi D (2023). *Front. Phys.* 11:1152243. doi: 10.3389/fphy.2023.1152243

There was a mistake in the caption of Figure 4 as published. In panel (A), the term “proximity” was incorrectly used instead of “remoteness”. The figure represents a weighted network with link weights expressing remoteness, consistent with the terminology and definitions used throughout the article. This correction does not affect the scientific conclusions of the article.

The original version of this article has been updated.
